

**\*\*DANCE CLASSES FOR TOTS FROM 18 MONTHS - 5YRS\*\***

Little Lynden offers infants the opportunity to learn the basic fundamentals of ballet, modern jazz, musical mime and tap. The classes help to develop fine and gross motor skills and cultivate imagination, creativity and social development in a safe and caring environment.

From 18 months, children are introduced to dance at our Little Tiptoes classes, with the practical support and reassurance of their parents or carer until they build more self-confidence and progress to our Little Tots class and participate independently.

**\*\*LITTLE TIPTOES \*\*** – This is for parents and toddlers so we encourage parents to join in. This is a great way to interact and get quality time with your child.

**\*\*LITTLE TOTS\*\*** - This is for children who are a minimum of 2 ½ and are confident to stay in the class without a parent.

We use props, action songs and games in both classes to make the introduction to dance fun and enjoyable.

Below is a list of the classes we have available.
